3.8%	2.3%	

Efficiency Measure

Operating costs for governance and corporate management as a percentage of total municipal operating costs.

Objective

Efficient municipal government.

Notes & Key Factors for Understanding Results

Several large, non-recurring expenditures occurred in 2006 that has caused this measure to increase significantly over 2005. It is anticipated that the 2007 results will return to more closely resemble the 2005 result.

Formulas for all efficiency measures were changed in 2005 to improve the definition of operating costs. SLC 91 0204 13 Financial Information Return.
